

## 2025 Copic Humanitarian Award—Colorado: **Dr. Robert Williams**

Copic and the Colorado Medical Society (CMS) are proud to announce that Dr. Robert Williams is the 2025 recipient of the Copic Humanitarian Award. Dr. Williams is a Gastroenterology/Family Practice physician recognized for his dedication to medicine and the well-being of his patients.

Dr. Williams' journey as a volunteer physician began early in his career. While practicing medicine in Birmingham, Alabama, he dedicated time to serve at a clinic for the medically indigent, ensuring that those most in need received the care they deserved.

Once he retired, Dr. Williams moved to Colorado in 2008 where he began practicing as a volunteer physician at Clinica Tepeyac. In 2011, Clinica Colorado opened its doors to the uninsured and underserved community and he became a weekly volunteer provider—a commitment he maintained for 16 years. His service goes beyond patient care; he has served on Clinica Colorado's Board of Directors since 2011, supported fellow providers, and delivered educational lectures on gastroenterology to staff and volunteers.

Dr. Williams is known as a wealth of knowledge, always willing to teach and support those around him. Through his tireless work, he has bridged cultural divides, uplifted the underserved, and inspired those around him to serve with compassion and humility. His legacy is one of selfless service, education, and unwavering dedication to the well-being of others.

The recipient of this award is asked to designate a \$10,000 donation from Copic to be provided to a healthcare-related nonprofit organization within their community. Dr. Williams has designated Clinica Colorado as that recipient.
